## P3

START

let **abd** be list of numbers;

let **a** be number;

let **b** be number;

**b** is 0;

ofr **a** from **abd** do

**b** is sum of **a,b**;

until **abd** done;

show **b**;

END

Lexical Errors :

1. The identifiers should use only letters abc
2. The for syntax is written wrong.
